## ABOUT COSMIC BODY

Greetings cosmic beings,

We know you are one of us; an intergalactic star seed brought here to raise the planetary vibration of Mama Earth.

Because of your deep connection to your own body and the cosmic body, you know humanity needs to implement change. You seek to be a part of the evolution in beauty and health care.

We're carving a path to do just that.

The intention of Cosmic Body is to bring herbal remedies into the main stream market, making them easy-to-use, stylish and accessible to all.

Each formula is meticulously formulated to provide the most impact for you, our muse. Most of our products are multi-purpose, offering a wide scope of uses and guaranteed to provide similar or better results than their conventional mass-market counterparts.

Understand that our planet is designed to heal us. Everything we need to thrive comes from its bounty.

We formulate with 100% pure (& renewable) ingredients that benefit our bodies and planet. Everything is formulated and made at our factory in Eagle, Idaho, USA. This keeps us close to our family and agricultural roots, and helps us purchase some of our favorite ingredients from local and regional farmers.

We guarantee our ingredients are sourced from the best of the best, so you'll never receive anything less than 100% potent and pure.

Cosmic Body products are sold in glass because you can recycle or reuse it. If you can't, eventually it will break in the landfill and crush into sand. Plus it's luxurious AF. In 2020, large glass refill options of our oils and powders will become available to encourage the reuse of bottles.

The cosmos is bigger than our imagination can conceive, yet our existence allows us to create the world we wish to see right here, right now.

By using health and beauty products that support our Earth's and Body's ecosystems, we believe we can create a significant change for generations to come.

# everything for everyone

## FACE & BODY BALM

This all-in-one unisex formula contains only seven simple ingredients that assists with an entire list of self care needs.

- **Face:** use as a lip balm and face cream alternative.
- **Body:** use for dry skin patches, heels, shoulders, sore nipples. Can also be used as a lotion alternative to improve skin elasticity and reduce stretch marks (thanks to cocoa butter)
- **Babies & Kids:** use as a diaper balm, lotion alternative and as a small wound stick.

Our jojoba oil and plantain leaf infusion makes this formula ideal for assistance with small cuts, stings and bruises. The easy to apply stick format makes it easy for the whole family to use. TSA travel approved size.

## FORTIFYING HAIR & SCALP OIL

Your hair and scalp are waiting for this nourishment. This 4-in-1 formula can:

- Reduce breakage thanks to amla & nettle oils, causing the hair to grow longer and thicker with time and consistent use
- Soothe dry scalp through light application every few days directly to the scalp
- Be used as a light or heavy overnight mask to deeply condition & hydrate hair
- Be used as a heat protectant during heat styling
- Restores shine when used as a styling agent

This formula was designed to assist with all hair types. Those with thick or textured hair may need to use more, whereas those with thin or fine hair may need to use less.
