Glamorous Hands®

Luxury Hand Lotion®

RENEW, REPAIR, REPLENISH

Glamorous Luxury Hand Lotion® is an intense treatment for damaged (glamour challenged) and aging skin on the hands! Fruit extracts and acids exfoliate the skin leaving it soft, smooth, repaired & renewed! Rich emollient butter soothes and replenishes skin's moisture while never greasy! Antioxidants protect skin from the adverse effects of oxidative stress!

Created by & for those who never want to show their age through their hands! Yet perfect for anyone whether as a preventative or to repair!

PROPER WICK PLACEMENT

Before lighting please trim wicks to 1/4" for best burning performance.

When burning our candles the lead free wicks will develop a black "fragrance mushroom", while more condensed fragrances will develop a silver white ash. Each must be removed before relighting to ensure the candle's maximum performance. This is caused by the high volume of fragrance oils which have made our candles so popular.

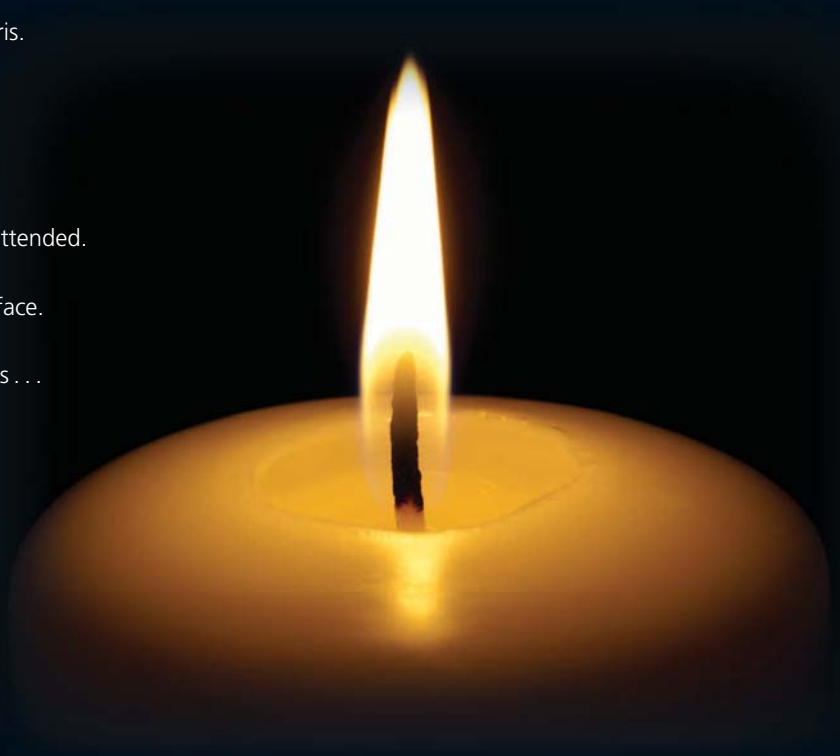

Before relighting trim wicks to 1/4". Always remove any wick trimmings and make certain there is no debris of any kind in the candle.

BURNING INSTRUCTIONS

- **Please always remember:** ***a lit candle is fire.***
- For optimum performance do not burn for more than two hours at a time. Extinguish flame. Before wax hardens ensure wick is in an upright position and trim to 1/4"
- Always keep wick trimmed to 1/4", and never allow flame to touch glass.
- Keep wax free of wick trimmings and debris.
- Keep out of reach of children and pets.
- Only burn candle in a draft-free area.
- Never move or leave a burning candle unattended.
- Only burn a candle on a heat resistant surface.
- Discontinue use when 1/4" of wax remains . . . There is a time to say goodbye.

READ THE SPECIFIC BURNING INSTRUCTIONS WITH EACH PRODUCT TO ENHANCE PERFORMANCE AND TO ENSURE MAXIMUM SATISFACTION.
